(reserve your spot URL)

According to the [National Institute of Mental Health](#), 56.7% of adolescents who experience a major depressive episode do not receive treatment.

Here is where Dialogue, powered by DialCare®, comes in.

Dialogue is a trusted resource for middle school and high school students that couples mental health professionals who are equipped to address topics such as depression, anxiety and much more, with wide availability seven days a week, including holidays, an easy-to-use app, usage reporting and custom marketing materials, thereby making Dialogue an invaluable avenue for your students' mental health when they need it the most.

We'd like to invite you to Dialogue demonstrations on December 9 and 16 at 3 p.m. CT. Here, you'll see just how simple and effective Dialogue can be for students in your district ages 11 and above. For a preview, check out our DialCare [video](#).

Be sure and [reserve your spot](#) for the Dialogue demonstration. The first 15 people to register will receive a \$50 Amazon gift card!

See you soon!
