Careington
SOLUTIONS SIMPLIFIED®

For decades, Careington has offered quality products that have enhanced our members' lives in many ways, and today is no different.

We're pleased to announce a new product: Clickotine, a clinically-validated, fully digital smoking cessation program. Since quitting smoking looks different for everyone, Clickotine helps users make and stick with a customized quit plan while monitoring improvement over time. Clickotine also features scientifically-backed strategies to help overcome cravings, withdrawals, slips and lapses.

Clickotine also provides personalized messaging tailored to each person's profile that provides personalized support and guidance, ensuring members have support every step of their journey to freedom from cigarettes.

Ready to become a Careington broker and offer well-rounded care that includes savings on dental and vision services, prescriptions and even access to robust telemedicine services?
